TRANSCRIPTION

15th November, 1935

Dear Mr Bjerke-Petersen,

I now enclose my article on Ben Nicholson, which I have revised and made
suitable for publication in Konkretion [understreget]. Mr. Nicholson has
also given me the photographs which accompany it, and which I hope you
will find suitable for reproduction.

The enclosed book-jacket gives a list of my most important books. There a
[ord overstreget] few others issued by different publishers, but none of
these deals with the visual arts, except those noted [de sidste tre ord
skrevet i hånden].

I enclose a few lines by way of introduction to your number. I hope you
have been able to [ord overstreget] obtain material from the other writers I
mentioned to you.

With best wishes

Yours sincerely,

Herbert Read
